Aluminium Skirting Duct

UNISTRUT®

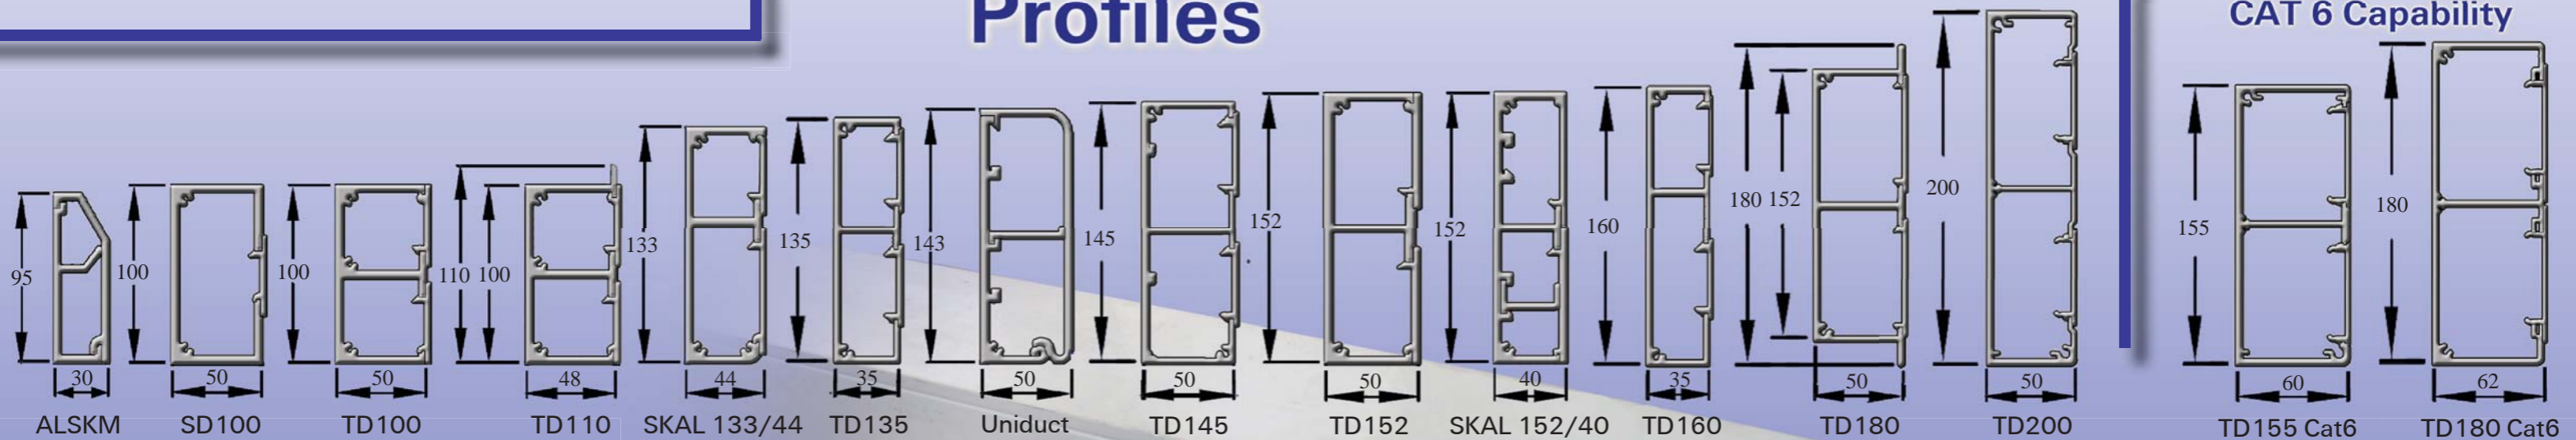

SKIRTING DUCT

UNISTRUT® offers a wide range of skirting duct profiles to suit most commercial applications. Our range is constantly being expanded to suit changing market requirements. If there are specific designs/dimensions that are not served by existing profiles, contact your local Unistrut service centres, where we can custom design to meet your requirements.

Profiles

"Wide Duct" for CAT 6 Capability

Features

- **Easy Installation** - Many profiles do not require specialised outlet plates.
- **Butt Fitting** - Can be used on internal bends as most profiles have a rectangular section.
- **Hinged lid** - On Uniduct.
- **Material Variety** - Available to order in mill finish, electro powdercoated, or anodised.
- **Architectural appeal.**
- **Cat 6** - Capable with larger ducts.
- **Easy Joining** - Push-in alignment dowels.
- **Varied profiles** - To meet market demands.
- **Apartment/Hotel** - Special profile designed, ALSKM.
- **Mount Options** - Recessed and surface.

Accessories

Full range of accessories available for all profiles, to order:

- Internal/External Corners
- Tee Junctions
- Horizontal to Vertical Bends
